## POWER BY-LAW VOTE OCT. 14

### Ask Alberta Government to Secure Pleasure Resort at Pigeon Lake for Public

**Municipal Districts of Liberty No. 489 and Montgomery 458 Select Delegates to Approach Powers That Be—Awards in Pests Competition Held Over Till October Meeting—Approaches to Crossings of Battle River to Be Improved**

The regular monthly meeting of the Council of the Municipal District of Montgomery No. 458 was held in the Council office on Saturday, Sept. 7th. All the Councillors were present.

The minutes of the last meeting were read and adopted on the motion of Councillor Freeman.

Correspondence was read from the following:

The Municipal District of Liberty No. 489, asking the co-operation of this District in an endeavor to get the Provincial Government to purchase a pleasure resort on Pigeon Lake for the use of the public. Also to appoint delegates to assist those of other Municipalities in interviewing the Government.—Moved by Councillor Freeman that this Council appoint delegates and that they be the Reeve and Councillor Thompson. Carried.

The Central Securities Ltd., re the collection of debts in this district.—Letter was tabled.

The Association of Municipal Dis-

**NEW SASKATCHEWAN GOVERNMENT TAKES OFFICE ON MONDAY**

Regina, Sept. 7.—The political tumult of party strife has subsided. With the prorogation of the Saskatchewan legislature, private members have in the majority departed for their homes. The leaders remained.

The Gardiner government is spending its last day in office before its resignation, now in the hands of Lieutenant Governor Newlands, becomes effective on Monday. Premier James G. Gardiner and his ministers are preparing to vacate their offices in the legislature.

In the co-operative camp formation of a new cabinet, under way by Dr. J. T. M. Anderson, co-operative leader. The selected ministers with the future premier will take their oaths of office immediately the government's resignation becomes effective.

**TWO HUNDRED REPORTED KILLED AFTER TYPHOON**

Manilla, Sept. 9.—Deaths caused by the typhoon which swept Southern Luzon Island had increased to more than 200 yesterday, with thousands of persons homeless in the stricken area.

Reports of additional casualties were received from the devastated regions near the town of Infanta on the western coast of Ibabaya province.

The United States destroyer Edsall was on route to the east coast of Luzon for relief work, while army planes surveyed the stricken districts. Thousands of persons were reported to be homeless.

There are more than 700,000 privately owned cars on British railways.

### Kiwanis Club Hears Report of International Convention

The Kiwanis Club resumed its weekly meetings on Tuesday night at 6:15 o'clock. President Bob Grant presiding.

After the introduction of visitors, the president called on Bill Prest, the treasurer, for a report on the Club finances. After making the report, the treasurer made certain suggestions as to how we might spend our funds for underprivileged child work, which brought about a discussion of the members. This could not be concluded at this meeting, but the unanimous opinion of the members was that another playground be installed on the East side of the track.

The item of interest of the evening was the report of Ed. Rasmussen on the Milwaukee International Convention. Milwaukee is a city of approximately three quarters of a million people and has been well-laid out with many parks and places where the inhabitants may enjoy themselves. There were approximately 400 delegates registered, these arriving in all manners possible, by railway, motor car, airplane, and even by boat. A delegation from the State of Ohio

came by boat and kept the boat as a place of entertainment on one of the canals in the city.

Outstanding speakers at the Convention were Dr. Preston Bradley, of the People's Church, who spoke on Sunday evening, taking as his subject "The Business of Religion," and "The Religion of Business." This address is in the Milwaukee Magazine and is well worth reading. Other outstanding speakers were Mr. W. J. Johnson, of Montreal, and Ex-Governor Louden of Illinois. Ed. reported that the convention was an outstanding success. The Milwaukee Club could not do enough for them in the way of entertainment and the meetings were well attended by delegates and by the people generally. At the evening meetings on two occasions, there were over ten thousand people.

At next Tuesday evening's luncheon the discussion on the club's objective and activities will be continued, and every member is urged to be present and express his views.

Trade with the merchants who advertise in this paper.

### SIX MONTHS IN SENTENCE UPON 103 DOUKHOBORS

Nelson, B.C., Sept. 9.—Prosecution of 128 Doukhobors, arrested on August 29 and charged with disturbing the highway near South Sloan, was concluded Saturday. Of the accused, 103 were convicted, 16 discharged and eight charges against nine other minors were withdrawn.

Six months' imprisonment with hard labor was the sentence given in a closed court following the conclusion of proceedings.

### Town Topics

Miss Evelyn E. Alberg has resumed her duties as teacher at Peace Hill school.

Miss Monica Weller left last week for Edmonton, to enter the Misericordia Hospital as nurse-in-training.

Kramer Brothers of Hobbema, had the misfortune to lose about two hundred the misfortune to lose about two hundred.

Ven. Archdeacon A. E. Burgett, of Edmonton, and Rev. Murphy, Vicar of Leduc, were visitors at the Vicarage this week.

Mrs. V. C. French leaves on Thursday for this week for Vancouver, where she will spend a couple of weeks' vacation.

Messrs. Richard Ballhorn, Godfrey Baker and H. C. Cooke were in Edmonton this week, attending the National Chamber of Commerce convention.

Miss Jean Leven, who has been clerking with Mr. Harvey, the druggist of Killam, for the past five years, is now in the employ of the Cooke Drug Co.

A meeting will be held in the W.I. club rooms on Tuesday, September 17, at 7:30, for the purpose of re-organizing the Institute Girls' Club. All teen age girls are cordially invited to attend.

This being the only appeal, the Court adjourned.

A petition from the combined U. F. A. Locals of Haultain and Verdun was read, asking that the westerly approaches to the Carpenter and Gould crossings of the Battle River be kept in better shape.—The Council considered agreed to attend to the matter.

The Destruction of Animal Pests Competition.—Moved by Councillor Thompson that the decisions of the awards in this contest be held over until the October meeting. Carried.

All school secretaries are urged to see that their returns are sent in by October.

A letter was read from Mr. Herman Calles appealing against the amount of damages claimed to be done by his horse to the property of Mr. Lindstrom. Mr. Lindstrom appeared before the Council and had with him Mr. Fred Kaiser, who corroborated his statements.—Moved by Councillor Shantz that this Council consider the amount of damage claimed by Mr. Lindstrom for the damage done to his property by H. Calles' horse to be fair and equitable, and that the Secretary is hereby authorized to pay to Mr. Lindstrom the amount claimed. Carried.

Motion by Councillor Thompson that the bills and paychecks be passed for payment. Carried.

Motion by Councillor Johnson that we adjourn. Carried.

Mr. and Mrs. C. Fonteyne of Bear's Hill district, entertained a large number of guests on Sunday last. Games and music were enjoyed until late in the afternoon, when a delicious luncheon was served by the hostess, assisted by Mesdames Chadwick, Nelson and Shantz.

Threshing is in progress throughout the Wetaskiwin district, and many good yields are reported. The quality is high, as many grades of one and two are reported, and in many instances farmers are reporting a larger yield than anticipated some weeks ago. The weather continues to be ideal, and it is expected that threshing will be completed in a couple of weeks.

On Wednesday evening, Mrs. Nestor Begun entertained at a farewell party in honor of Miss Sullivan, who is leaving shortly to reside in Edmonton. The rooms were tastefully decorated for the occasion. Bridge was played during the evening, the first prize going to Mrs. H. J. Montgomery and the consolation to Mrs. E. T. Williamson. A delicious luncheon was served.

The many friends of J. C. B. Williamson are pleased to learn that he has been promoted to the position of manager of the branch of the Imperial Bank of Canada at Dufur, Sask. Mr. Williamson has been a very efficient and obliging member of the Wetaskiwin staff for the past eight years, and has made a host of friends in this community. Mr. Williamson leaves on Sunday evening to assume his new duties, but Mrs. Williamson will remain in town for a week or two before leaving.

### Burgesses Are To Decide Whether to Dispose of Utilities

**Proposed Agreement to Be Published in Next Week's Times—City Fathers Give By-Law Second Reading**

An adjourned meeting of the city council was held Thursday evening, with all members in attendance.

Ald. Ellis referred to the auditors' printed statement and stated he could not understand some of the items, and made the suggestion that the auditor be asked to explain them. After discussion, it was resolved that the auditors be communicated with, and have them clarify the report.

Mr. Fraser was instructed to forward a copy of the estimates of receipts and expenditures for this year, together with the mill rate figures, to the Public Utilities Commission for their approval.

C. H. Russell, city solicitor, stated that S. B. Wood, K.C., had been consulted respecting the Calgary Power Co. agreement, and he considered the city well protected in the proposed contract with the Calgary Power Company.

Bylaw No. 686, respecting the sale of the electric light and water utilities of Wetaskiwin to the Calgary Power Company, was then read the first time, and the second reading was in progress at about 1 a.m. when it was decided to adjourn the meeting until Monday evening.

Another adjourned meeting of the City Council was held Monday evening with all the members in attendance. The second reading of the by-law was completed, but not until way after midnight.

The full text of the proposed agreement will be published in next week's issue of the Times. The vote of the burgesses taken place on Monday, October 14, with J. E. Fraser as returning officer.

The Council instructed the Public Works Committee to repair certain sidewalks which were reported to be in poor condition.

**What About a Gymnasium?**

A meeting of the Executive of the Wetaskiwin Sports Association will be held on Friday (tomorrow) evening at 8 o'clock at Chalmers' Hardware Store, to discuss the feasibility of making provision for a community gymnasium for the winter months. All others interested will be welcome. Decision will also be made as to completing the city track and field championships next week—junior, juvenile and midget, boys and girls.

**MR. WILLIAMSON PRESENTED WITH HANDSOME CLUB BAG**

On Wednesday evening of this week, a large number of the members of the congregation of Immanuel Church gathered at the home of Mr. and Mrs. R. W. Manley, when a farewell was given to Mr. J. C. B. Williamson on the eve of his departure to become manager of the Imperial Bank of Canada at Dufur, Sask. Mr. Williamson has been the people's warden of Immanuel Church for the past eight years, and he was presented with a handsome club bag as a slight token of the esteem in which he is held by the members of the congregation. Mr. Williamson fittingly replied, regretting he was obliged to leave so many friends in Wetaskiwin.

**WOMEN'S AUXILIARY MAKE PRESENTATION**

The first Fall meeting of the W.A. was held in Immanuel Church yesterday on Tuesday of this week, with a large attendance. The social side of the afternoon took the form of a farewell to Mrs. Williamson, who is leaving shortly for Dufur, Sask. After tea, which was served by Mrs. Wade, Rev. P. C. Wade, in a few well chosen words, thanked Mrs. Williamson for her untiring work for the W.A., and presented her with a gift of silver teaspoons, as a small token of appreciation from the members of the W.A. Mrs. Williamson has been a loyal worker in Immanuel church for a number of years, and will be greatly missed, and all wish her the best of happiness in her new home. The rest of the afternoon was taken up with business and making arrangements for a chain bridge party to be held Sept. 25th.

Use The Times Want Ad. columns.

### WANT TO EXTEND TIME OF CALGARY POWER COMPANY

Red Deer, Sept. 11.—In accordance with the agreement between the city and the Calgary Power Company concerning the time limit of the contract by which the company supplies Red Deer with electric power, a motion was passed at the meeting of the city council here on Monday night, instructing the city solicitors to prepare a bylaw extending the life of the contract with the Calgary Power Company from five years to ten.

**Town Topics**

Mr. and Mrs. H. A. Inglis left a few days ago for Banff and other points, where they will spend their vacation.

The Norwegian Lutheran Ladies' Aid will meet at the home of Mrs. J. Moen on Friday, Sept. 20, at 9 p.m.

Dr. H. G. Hoare recently purchased the business block he occupies, and has had his office enlarged and renovated.

Mr. and Mrs. H. E. Wilson and daughter Emily, were the guests of Mr. and Mrs. C. S. Payne of the Criterion Apartments, over the weekend.

The friends of Dr. N. A. Johnson regret to learn that he is still quite poorly and is not recovering his wonted health as rapidly as they would like to see.

The Women's Missionary Society will meet in the Sunday school room of the United Church on Tuesday, Sept. 17, at 3:30 p.m. A full attendance is requested.

J. C. Hoare and son, who were visiting the former's mother, Mrs. Hoare, in Wetaskiwin for several weeks, left a few days ago for their home in Toronto, Ont. They are travelling by auto.

J. F. Richards left on Monday to visit relatives and old-time friends in Wisconsin and will be away about a month. He intends to take in the games at the world's baseball series played in Chicago.

A few days ago two large plate glass windows at the Star Store were broken by an automobile. The driver was unable to stop the car, owing to defective brakes, and damage to the extent of about \$400 was done.

Mrs. Burkholder, mother of Mr. J. E. Burkholder of Wetaskiwin, died in Edmonton on Thursday of last week and was buried on Saturday in the Mount Pleasant cemetery. She was aged seventy-nine years, and four of her sons acted as pall bearers.

Roger Paton returned home a few days ago from the Scout Jamboree held at Birkenhead, England. He is one of the few scouts of Alberta, who were given the distinct honor of attending this big affair. Roger reports having had the time of his life.

Miss Sullivan, who has been stenographer at Leggie & Manley's office for several years, left on Saturday for Edmonton, where she has accepted a position in the office of the credit department of the Hudson Bay Company's Store. Her position has been filled by Miss Mitchell, who until recently was stenographer at the office of A. Beaumont, Ponoka.

On Sept. 8th, another large crowd of people assembled at the German Baptist church, five miles west of Wetaskiwin, to hear a program which was given by the Edmonton Young People's Society. The visitors arrived at the church about 12 o'clock, when a luncheon was served, and at 2:30 the program began. The members of the church took the visitors to their homes for supper. A splendid time was reported by all.

On Sunday, Sept. 8th, the Lutheran congregation at Waldheim celebrated its annual Mission Festival. Rev. A. J. Mueller of St. Peter's, Edmonton, preached in the morning service in the German language. Rev. Appel of Wetaskiwin, led a program which was given by the Edmonton Young People's Society. The visitors arrived at the church about 12 o'clock, when a luncheon was served, and at 2:30 the program began. The members of the church took the visitors to their homes for supper. A splendid time was reported by all.

The class competition was on "Kings" says the Boston Transcript, and this is what one boy wrote: "The most powerful king on earth is Working; the laziest, Shirk-ing; one of the worst is Smokey; the wittiest, Jo-king; the quietest, Thin-king; the thirstiest, Drink-ing; the slyest, Win-king; and the noisiest, Talk-ing."

Mrs. H. G. White of Edmonton, is visiting Mrs. A. L. Elliott at the Manse.

### Mrs. A. Rodell Re-elected as Convenor Wetaskiwin Constituency of the W.I.

**Large Attendance of Members and Visitors at Annual Conference of Institute Held in Angus Ridge Hall—Invitation to Meet Next Year in Wetaskiwin Accepted—Interesting Reports Presented and Addresses Given By Provincial Officials**

The annual conference of the Wetaskiwin Constituency of Women's Institutes was held in the Angus Ridge Community hall on Sept. 6th, when over sixty members and visitors were present from the Millet, Wetaskiwin and Angus Ridge branches. Chesterwood not being represented.

Many complimentary remarks were passed on the fine hall and the beautifully decorated stage, with lovely autumn flowers in containers, showing some results of the demonstration in basketry held recently by the Angus Ridge branch, and the W. I. motto, "Home and Country," in the patriotic colors red, white and blue.

Mrs. Rodell, constituency convenor, presided and gave greetings.

Mrs. H. J. Montgomery, Wetaskiwin (Provincial President), and Mrs. J. P. Ferguson, Trochu, Director of District No. 3, were present.

The address of welcome was given by Mrs. H. Grant, Angus Ridge, and reply by Mrs. Mellett, Wetaskiwin.

Various reports of the secretaries and convenors were given, showing the activities of the branches along the lines of visiting the sick, helping the needy and extending a welcome to newcomers.

Very successful baby and pre-school age clinics have been held at Wetaskiwin, the I.O.D.E. joined with the W.I. and ninety-five children were examined. There were also demonstrations in basketry and sewing.

The Convenor of Agriculture reported that planting trees, shrubs, small fruits and beautifying homes and public places had been taken up. The influence of beautiful surroundings means much in the home and especially should children have the memory of a beautiful home environment to take with them.

The Girls' Club took part in the Handicraft Contest, held under the auspices of the Handicraft Guild, Edmonton, and won second prize of \$10.

Mrs. Ferguson gave an inspiring address on "Citizenship." She stressed two ideas, Protection and Service. The good citizen receives protection from the state and should be willing to aid the state by service. The institutes are helping our women to be good citizens by being true to self, that is, have high ideals and strive to reach them, true to her associates, true to childhood and true patriots by showing loyalty to one's country in any way. She urged the buying of Canadian-made goods.

Mrs. Montgomery spoke of the improvement in the conferences and on different points of the W.I. work. In her address she gave suggestive ways in reply to the question "Are we carrying on and taking the best of the W.I.," which was her theme.

The program was varied by a piano solo by Miss Agnes Thompson, a very humorous recitation by Mrs. Cleland, and song "Mother of Pearl," by Mrs. L. Evans.

Speeches given in the visitors' honor told that under the soil was still more wealth. Seventeen tests of coal in the district had shown it to be three per cent better than the best Pennsylvania anthracite, Charles W. Fredericks, Grande Prairie newspaper man, told the delegation. A flame 10 feet high burning over a gas well at Peace River bore testimony to the natural gas available. There was power equal to that produced at Niagara Falls available at Hudson's Hope, 200 miles north of the town of Peace River, he said. The greatest spruce stand in Canada was located in the district.

The needs of the Peace River district were summed up by Mr. Fredericks as "better educated, better markets by way of a coast outlet, new branch lines through the territory, and more representation in both the Dominion and provincial governments.

A Scotsman called up the doctor in great agitation.

"Come at once!" he said. "My wae child has swallowed a waxpen!"

"How old was it?" asked the doctor.

"1894!" replied the canny Scot.

**Riches of Vast Territory in North Shown Trade Party**

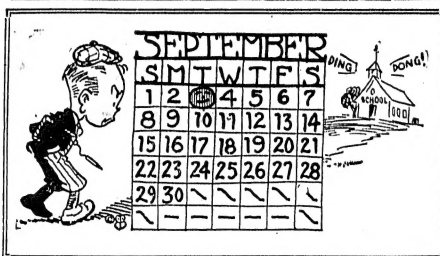

Edmonton, Sept. 9.—After having stood at the junction of the mighty Peace river and the Smoky river, having seen wheat in profusion growing in a district as far north as Hudson Bay or the northern portion of Labrador, the Canadian Chamber of Commerce party Saturday night returned from their pilgrimage to the Peace River district, thoroughly convinced of the productivity and possibility of that great country.

Not that the group saw the whole territory. They reached a point some 15 miles north of the Peace river, and were informed that they could go another 400 miles north to Vermilion before they would reach the northern limit of the grain country.

Sixty thousand settlers and townspeople living in a district estimated by the government of Alberta to contain 47,000,000 acres of arable land. Such in brief is the Peace River district. Much of the land is awaiting clearance, and judging by the fact that of the 60,000 persons at present living there, half moved in during the past four years much of it will be cleared in the near future.

Speches given in the visitors' honor told that under the soil was still more wealth. Seventeen tests of coal in the district had shown it to be three per cent better than the best Pennsylvania anthracite, Charles W. Fredericks, Grande Prairie newspaper man, told the delegation. A flame 10 feet high burning over a gas well at Peace River bore testimony to the natural gas available. There was power equal to that produced at Niagara Falls available at Hudson's Hope, 200 miles north of the town of Peace River, he said. The greatest spruce stand in Canada was located in the district.

was a loosed joy, whose head was full of prunes or greens; they bade me take my tale away and tell it to the horse marines. They made complaint to the police that I was but a lunatic, who boldly held that mutton grease would drive out pain and heal the sick. They sometimes chased me to my booth, and throw old eggs and other fruit, they would not listen to the Truth, but greeted it with jeer and hoot. I still believe that mutton grease is good for every wound and sore, but, being strong for balmy peace, I do not say so any more.

### FIRE DEMON TAKES TOLL OF DAMAGE IN OHATON BLAZE

Camrose, Alta., Sept. 9.—The fire demon once again swept destruction through the business section of a small town in Alberta when five buildings with a loss of between forty and fifty thousand dollars became fuel for the flames at Ohaton.

About 4:30 a.m., W. G. Reed was aroused from sleep by the light from a fire shining into his bedroom. Immediately he saw that the store of L. F. Patterson, a short distance down the street was burning, the alarm was quickly spread.

The people of the village responded without losing an ytime. A call for help was telephoned to Camrose as Ohaton has no water supply other than that of private wells, and all that Camrose could do was to send its supply of chemical apparatus.

The fire appears to have started in the entrance of the hardware department of the large store owned by L. F. Patterson, but no clues to its origin could be learned this morning.

When discovered, the fire had made such headway that nothing could be saved from the contents of the building, which is of frame construction, with the Patterson store went the office of A. W. Fleming, the mayor of the village, who was not at home when the fire occurred.

North of Fleming's office there was a space of a few feet to a two storey metal clad building occupied by L. G. Rodda. The main floor was used as a general store and post office and upstairs the Rodda family had their living quarters. Working valiantly in an effort to save this building, the bucket brigade strove to prevent the fire spreading northward, as if the Rodda building caught fire, nothing could have saved the two buildings immediately to the north.

The wind was from the northwest, but while Patterson's store was burning only a little breeze was noticed and for a time it looked as though the building to the north of the fire could be saved, but the terrific heat finally conquered and the Rodda store building burst into flames.

### COURT SCORES REYNOLDS IN PONOKA CASE

"Never in all my time have I heard such a disgusting and pitiful story as told by your wife in the witness box and I very much regret that I cannot send you to jail, as there is no penal servitude provided for under the act for this offence. You did not appreciate the fact that you had a fine, cultured little wife. I am finding you galling on fact."

With these words Magistrate George B. McLeod handed down judgment in provincial police court Saturday morning on Chas. Dean Reynolds, farmer of the Ponoka district, charged with a breach of the Domestic Relations Act of Alberta.

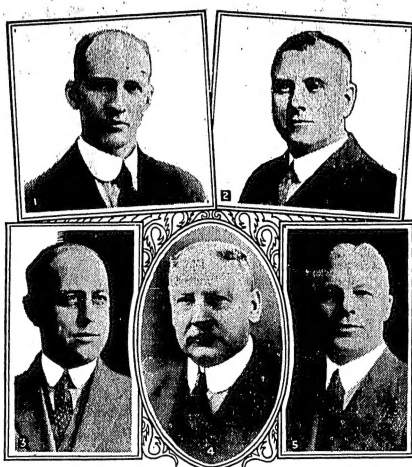

The magistrate granted an order of separation and full custody of the child to the mother, also \$5 per week for the support of the child. Judgment will take effect immediately. Defendant was also ordered to pay the costs of the court and he was warned to keep away from his wife and, on no account, to endeavor to see the child. James A. McCaffry appeared for the defendant, while S. T. Bigelow handled the prosecution.

### HANDLING THE FALL LITTER

(Experimental Farms Note) Experimental evidence at Dominion Experimental Station, Lacombe, indicates that fall litters can be raised successfully providing certain principles of breeding, feeding and housing are followed.

For good results, fall litters should all be farrowed not later than September 15 so as to have the pigs well developed and able to stand cold weather by November. In order to have the pigs born from the first to the fifteenth of September the sow must be bred between May 10 and 25. If she is to wean her spring litter be-

### C.N.R. OFFICERS PROMOTED

Officers of the freight traffic department of the Canadian National Railways prominently concerned in the recent retirements and promotions are shown above. They are: (1) J. M. Horn, who has been promoted Assistant Freight Traffic Manager, Winnipeg; (2) J. M. Macne, who has been appointed General Freight Agent, Vancouver; (3) W. Hately, who becomes General Freight Agent, Winnipeg; (4) A. E. Rosevear, General Freight Agent, Winnipeg, who, on Dec. 15th, retires after 22 years of service; and (5) F. G. Adams, Assistant General Freight Agent, Winnipeg, whose duties are enlarged to give him supervision over rates and divisions.

fore being bred she must farrow during the latter part of March or early in April. A sow which is to raise a fall as well as a spring litter must work harder than the sow raising but one litter during the year and should be particularly well fed after weaning to get her on the up-grade again before breeding her. In many cases, fall litters are small and weak, simply due to breeding the sow too soon, or when in too thin condition.

In formulating rations for fall pigs it is well to remember that the fall pig will not have the run of a green pasture to help balance his ration and unless the ration is well balanced for him, gains are likely to be slow and comparatively expensive. Skim-milk and buttermilk when fed in sufficient volume adequately balance the grain ration for fall pigs but when these are lacking tankage ranks very high as a substitute feed and, if used, should make up about five to eight per cent of the ration. Alfalfa and sweet clover hay or roots may be fed with very good results. Middlings, or finely ground oats will be the best meal on which to start the young pigs.

The newly weaned pig should be fed at least three times per day for the first month after weaning. The main object at this time should be to keep the pig growing and prevent any setback. When the pigs average about

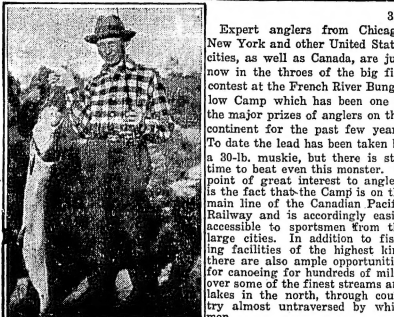

sixty pounds, the middlings may be eliminated from the ration and barley or frosted wheat added in small quantities gradually increasing the proportion, until, about the time the hogs are ready for market, they are receiving three parts of barley or wheat to one of oats.

At Lacombe, beneficial results have been secured from allowing fall pigs constant access, from a box or self-feeder, to a mineral mixture consisting of 75 pounds slacked coal, 20 pounds salt, 3 pounds air-slacked lime and one pound of sulphur. The hogs will take only sufficient of this mixture to supply their mineral requirements.

Take care not to overload the fall pigs. Make them clean up the troughs; overfeeding will put them off feed, and will stunt their growth, a condition which quickly eats into prospective profits.

In housing, the main features to keep in mind are cleanliness, suitable ventilation, and the supplying of a reasonably dry sleeping berth. Expensive and elaborate houses are unnecessary. "A-shed" portable cabins covered with straw, with feed lots adjoining, to provide space for limited exercise and the feed-trough, have been a decidedly successful method of housing fall litters at the Lacombe Station.

### Fine Sport on French River

Expert anglers from Chicago, New York and other United States cities, as well as Canada, are just now in the throes of the big fish contest at the French River Bungalow Camp which has been one of the major prizes of anglers on this continent for the past few years. To date the lead has been taken by a 30-lb. muskie, but there is still time to beat even this monster. A point of great interest to anglers is the fact that the Camp is on the main line of the Canadian Pacific Railway and is accordingly easily accessible to sportsmen from the large cities. In addition to fishing facilities of the highest kind there are also ample opportunities for canoeing for hundreds of miles over some of the finest streams and lakes in the north, through country almost untraversed by white men.

### C.P.R. BRINGS 1,000 FAMILIES TO CANADA

More than 1,000 British families have been settled in Canada under the cottage scheme and in the Clan-Century colony are by the C. P. R. colonization department according to Major A. Ewan Moore, of London, European manager, who is in Calgary during a Canadian inspection tour.

He has visited families settled in Canada by his department and reports that they are making progress. He will return to London at the end of September.

### Cramps Diarrhoea Pains in Stomach

Mr. Roy Lighthall, Milford, Ont., writes: "I became very ill; lost my appetite, had cramps, diarrhoea, and severe pains in my stomach."

"I purchased a bottle of

and before I had taken half of it I was completely relieved, and have had no symptoms of the trouble since."

"I cannot praise 'The Extract' too highly, and will never be without a bottle of it in the house."

"It is pleasant to take and acts very quickly."

"My brother had the same experience with it as I had."

"Dr. Fowler's" has been on the market for the past 84 years; you don't experiment when you buy it. Price, 50 cents a bottle at all dealers; put up only by The T. Millum Co. Ltd., Toronto, Ont.

## A Husband for Jane

Jane Kelsey stood at the kitchen sink washing the breakfast dishes. The breeze brought the scent of lilacs through the open window, but this did not, however, make Jane feel any happier; on the contrary, it made her feel worse, for the smell of the lilacs,

which she loved, reminded her that another spring had arrived and with it another birthday—an anniversary which her stepmother was prone to make memorable.

"For heaven's sake, Jane, hurry up with those dishes! You'll never make the 10 o'clock train to town," called Mrs. Kelsey from the doorway.

"Jane? What in the world is the matter with you? Cry? My word! You'd try the patience of a saint. A fine impression you'll make on the doctor with a pink nose and circles under your eyes."

The situation was as absurd as it was unique. When Jacob Kelsey died he left his entire estate in trust, with the provision that until such a time as Jane should marry only the income could be touched, that to be used at the discretion of Mrs. Kelsey, who, he knew, was a good business woman. On the occasion of Jane's marriage, the estate was to be divided equally between the two women. As it happened, much of the property was unproductive real estate that had tripled in value since his death. Mrs. Kelsey wanted badly to sell this and go to her own people in California. Her intentions towards Jane were kindly enough; she honestly thought that a husband for her would solve the problem and make them both much happier. To this end she promoted a sort of campaign that to Jane was the acme of humiliation.

All the way to town Jane's mind revolved savagely about her really tragic position. Her stepmother was absolutely determined to marry her off. She had no means of earning a living and no opportunity to prepare herself to do so, for, since marriage was the one solution, whereby her stepmother would gain, Jane was pro-

vided with good clothing, but with no money.

"Life is horrible," she thought as the train neared the city; she was furious at her own incompetency, her inability to find a way out of the dilemma. After leaving the station she unhesitatingly followed her usual route to the sanitarium—unmarried doctors. In Mrs. Kelsey's estimation, being the most approachable bachelors for her stepdaughter. As Jane drew near the place her horror of facing Dr. Curtis again was as real as if she had not at last definitely decided that, no matter what became of her, she would never again be a party to her stepmother's pursuit of a man.

Opening her bag to get her handkerchief, she saw the sanitarium ticket with only three of its twenty numbers punched. A sick feeling swept over her as she recalled the circumstances of its purchase. Mrs. Kelsey had explained suavely to Dr. Curtis that her daughter, though not ill, was not robust and she felt that the electrical treatments would be beneficial for her. Certain family matters had then been touched upon lightly—their suburban house, her own widowhood, Jane's accomplishments. A vivid recollection of the doctor's eyes bent upon her, she knew well, with amusement, still made her writhe inwardly. Suddenly, as she walked aimlessly along the avenue, an idea occurred to her. She turned and hurried back to the sanitarium.

"I mean, I'm late, doctor," she began breathlessly, "but I'll not take a treatment today. I—just want a few words with you, please."

## How to Play BRIDGE

Series 1928-29 by Wynne Ferguson

Author of "PRACTICAL AUCTION BRIDGE"

Copyright 1928, by Wynne, Jr.

### ARTICLE No. 30

One of the points upon which authorities disagree is the card of a partner's declared suit which should be led when an opponent has secured the lead. The card to be led is the one of lowest value in the suit, unless it is a "one heart," "one spade," and all pass, Y (Z's partner) should lead his highest heart. There is much wisdom in this, for it enables Z, when Dummy's hand goes down on the table, to see where the remaining high cards in his suit lie. The card which follows this advice will not go far wrong, but if you desire to be in the highest class of bridge players there is an exception to it.

The exception is that, if an opponent has secured the lead, and you are "No Trump," and if of your partner's suit you have four or more cards headed by the jack or higher card, you should lead your fourth-best. Take this case: Z bids "One heart," A, "One no-trump," and all pass. The hearts lie as follows:

Q, 9, 5 : A : Y : 8  
A, J, 10, 6, 3 : Z : 8

If Y in this case opens with his highest card, the king, A is bound to make a trick in hearts; but if Y leads his lowest (showing four), Z takes the first trick with the ace, leads the jack, and A

### Answer to Problem No. 32

Hearts—5, 2  
Clubs—4, 2  
Diamonds—Q, J, 8, 6  
Spades—K, 9, 7, 6, 2  
Hearts—K, J, 3  
Clubs—K, J, 9, 8, 6  
Diamonds—A, 10, 9, 4, 2  
Spades—none

The final hand is four hearts by B, which has been doubled by Z. The opening lead by Z was the ace of diamonds, followed by the deuce. B won this trick with the king and the problem is how can B so play the hand that he can go game against any defense?

Solution: After taking the second trick with the king of diamonds, B should play the ace and ten of hearts, forcing Z to win second heart trick with the king. Z's best play at this point is the jack of hearts, which B should win with the ace and lead back the ten of spades, winning the trick in A's hand with the ten of spades. A should now lead the four of spades and B must win the next two spade tricks with the jack and eight of spades. Z in the meantime has been forced to make four discards. He can safely discard three diamonds and one club so that at the completion of the ninth trick, Z holds

### Answer to Problem No. 33

Hearts—A, 9  
Clubs—K, 10, 4  
Diamonds—A  
Spades—7  
Hearts—Q, 8  
Clubs—Q, 7, 5  
Diamonds—9, 7  
Spades—9  
Hearts—J, 10, 3  
Clubs—J  
Diamonds—Q, 3  
Spades—J

Diamonds are trumps and Z is in the lead. How can Y win the game or not against any defense?

## You Cannot Cut Out Bog Spavin

—or thoroughly, but you can clean them off completely and thoroughly with Absorbine—and we've your horse during the treatment. This powerful antiseptic liniment does not blister or remove the hair. \$2.50—45¢ your druggist or general merchant's. Booklet free. W. B. Young, Inc., Lyman Hill, Montreal.

Dr. Curtis placed a comfortable chair for her and then seated himself. He smiled, curiously, how excitement had changed her from a negative, unapproachable little person to a vivid, almost beautiful woman. She had been a puzzle to him from the first, and puzzles always intrigued him.

"Doctor," said Jane, flushing, "do you suppose you could return the balance of the money on my ticket?"

"Why, certainly, Miss Kelsey, I'll be glad to if your mother is dissatisfied with the results of the treatment."

"It's not that," said Jane miserably; "it's only that I—need the money so badly."

The doctor glanced involuntarily at her modest, expensive coat with its becoming fox fur; at the jaunty little felt hat that even to a man spelled an exclusive maker; shoes, gloves, each detail perfect in its way, then smiled companionably as she said: "If you've been the victim of a pickpocket it's

not necessary to more than to accept a loan."

"Strung to the highest pitch, Jane's eyes filled with tears.

"I—I—can't explain," she stammered.

"I wish," said the doctor gently, "that you would tell me your trouble. I've known that you had one, and I've been certain that you did not want to come here in the first place."

"You know, too, why I was sent here!" exclaimed Jane bitterly. "You know that I happen to lack a husband and that my stepmother picked you as a likely victim. Oh, you're not the first. I've been hounded into playing this despicable game for five years. I'm 30 years old now and my pocket allowance is the exact car fare needed to bring me here to you and to return home with a report of my progress."

Jane's eyes were hard and bright by now and her voice sounded a little wild.

"By the way," remarked the doctor as casually as though he had been listening to an opinion of the latest play, "I have a distinct feeling that it is luncheon time. Suppose we settle this matter of high finance at a little restaurant that I happen to know will appeal to you?"

A spin down the boulevard in a joyous little roadster followed, and Jane soon found herself seated opposite the doctor in a quaint French cafe, the very atmosphere of which was soothing to the nerves. After a luncheon as good as the surroundings were charming, the doctor lit his cigar, leaned back comfortably in his chair and looked quizzically at Jane. She felt herself flush and a queer, tingling sensation took possession of her. The antagonism that she had always felt for the doctor had unaccountably vanished and she realized that she had never really seen his kind brown eyes before.

"What are your plans?" he asked presently.

Jane's plans were vague, merely the intention of earning her living and the determination never to go back to her stepmother. "Not for a day," she declared firmly, "will I go back to that slavery—I'll starve first."

The doctor smoked on; the situation did not seem to disturb him.

"So Mrs. Kelsey thinks that I need a wife, does she? Well, I agree with her there," he remarked, hugely enjoying Jane's confusion. "Dear, I want to help you and I want you. I have wanted you," he went on, the very first. Perhaps it was your honest hatred of me that attracted me. I don't know. I always have had an uncontrollable desire to solve every puzzle that confronted me. Do you think that you could stop hating me now, Jane?"

"I—I don't hate you, doctor," said Jane, refusing to meet his twinkling eyes.

"Then say: 'Jim, I don't hate you' and I'll marry you tomorrow."

Jane never did know what she said, but it seemed to satisfy the doctor.

"It's a damned lucky thing for me that your mother didn't pick out the osteopath chap across the street," he teased as the little car was held up by the traffic on the boulevard.

## Back Hurt Her So Had to Give Up Her Housework

Mrs. B. E. Thomas, Juniper Station, N.B., writes:—"I can truly say that Doan's Kidney Pills put me on my feet after a week of suffering with a lame back."

"My back hurt me so I could not sit up, and also hurt when I laid down on the bed. I got so bad I had to give up my housework and go to bed."

"I had rubbed on several kinds of liniment but got no relief."

"I got a box of Doan's Kidney Pills and started taking them and after I had taken four doses I began to feel I was getting some relief, and before I had finished the box my back was entirely better."

"Price, 50 cents a box at all druggists or dealers, or mailed direct on receipt of price by The T. M. Doan Co., Ltd., Toronto, Ont."

## Gwynne School Fair Was a Great Success

The Gwynne School Fair was held on Saturday, September 7th, and was a complete success in every way. According to the remarks of the government judges, the display of vegetables, grains and flowers was one of the best they had seen in Central Alberta this year and reflected great credit both as to enthusiasm and resourcefulness on the part of the youthful exhibitors, especially considering the drought conditions prevailing during most of the growing season. The livestock entries were also numerous, and showed evidence of careful and able handling on the part of the young stockmen. Many types of table, laying and game birds were to be seen in the poultry section. No doubt when many of these youngsters start up farming for themselves, the stock and poultry raised and fitted to such a degree of perfection for these fairs, will form a very valuable foundation on which to build up a herd or flock that will go far towards making their farming efforts a success.

In the afternoon a parade of the children was held. Each school was in a separate group and with their banners flying and shouting their favorite college yell, were well worth seeing. The banners and flags were taken from the art and sewing displays, which were also a credit to the many young girls who must have used up a lot of time and patience in preparing. After a baseball game between the North and South groups of schools in the late afternoon, the children departed for their homes well satisfied with their entertainment and with their winnings.

## NEWSPAPER LAWS

Excerpts from Newspaper Law, printed for the benefit of any reader who may have mistaken ideas regarding same:

1. A postmaster is required to give notice by letter (returning the paper does not answer the law) if the subscriber does not take the paper out of the post office and state the reason for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.

2. If any person orders his paper discontinued he must pay all arrears or the publisher is permitted to send a unit payment is made and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until payment is made.

3. Any person who takes a paper from the post office, whether directed to his name or another, or whether he subscribes or not, is responsible for payment.

4. If a subscriber orders his paper stopped at a certain time and the publisher continues to send it, the subscriber is bound to pay for it if he takes it out of the post office. This follows the principle that a man must pay for what he uses.

## TRY THIS—ON A FRIEND

Mrs. Herman H. Williams, an apothecary of Mt. Victory, Ohio, stood like a statue with three swarms of bees weighing about 50 pounds bearing down on her recently, then carried them to a hive without being stung. She started for the hive a second time and a third swarm settled on her neck and shoulders. Again she remained motionless for a quarter of an hour until the bees became quiet. Then she took them to the hive and, aided by a "smoker," put the bees safely away.

An unusual accident occurred about a mile south of town on Wednesday morning when a Penn truck and a Ford coupe collided. The coupe came off second best and was pretty badly damaged, but the strange part of it was that the driver, C. R. Hind, of Calgary, received a compound fracture of his forearm, which was resting partly out of the side window while he was driving, but the windshield nor none of the other glass in the car was damaged, including the window in which his arm was resting. —Leduc Representative.

Stealing parts of binders and other machinery has been practiced to a more or less extent in the district the past few years, but to prove the thefts has been another matter. One man, however, made the mistake recently of stealing a home-made pitman rod and was proven guilty of the offence before Magistrate Williams, who fined him \$100 and costs or the alternative of three months in jail. This should be a warning to those who are not above helping themselves to things of this kind.—Representative.

Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Formerly Windsor)

# SPORT

## WETASKIWINITES DO WELL AT CAMROSE GOLF TOURNAMENT

A number of members of the Wetaskiwin Golf Club entered the Camrose Tournament held on September 1st and 2nd. There were 105 contestants and competition was keen, as a number of the leading amateur golfers of the Province were present, including Harry Shaw, Jr., of Edmonton, who was a semi-finalist at Jasper this year in the Dominion Amateur Championship, also Morris Stewart and James Peck, Welliver of Red Deer, Proctor of Banff. The Wetaskiwin representatives included F. T. Kinsten, A. J. Taylor, G. Grabham, Geo. Wiseman, Wm. Shields, O. Strand, A. Knox, J. Abovassay and R. E. Schmitz. Kinsten got into the semi-finals of the Championship Flight, being beaten by Welliver of Red Deer, who in turn was defeated by M. H. Stewart of Edmonton, for the Championship Cup. O. Grabham got as far as the semi-finals in the First Flight, where he was defeated by M. McLean of Edmonton, who eventually won out in that competition. Mr. Shields of Wetaskiwin won the Consolation Event in a field of over 50 contestants.

Our local members have every reason to be proud of the showing made against such stiff competition, and all of them are well satisfied with the welcome they received and with the way the tournament was run off. The weather was cold and not favorable for good golf, particularly on the second day, but such incidents are unavoidable and are soon forgotten, but the pleasant recollections of friendship renewed remains.

## DUCK SHOOTING SEASON OPENS MONDAY NEXT

The open season for hunting ducks and geese commences on Monday, September 16, and continues until December 14.

To the casual observer it might appear that waterfowl are as plentiful now as in years gone by, but to one who carefully sizes up the situation, it is obvious that they are becoming scarcer with each succeeding season. It is admitted that some sloughs and lakes have large numbers of ducks on them at the present time, but it must be remembered that these are crowded into the few lakes which have withstood the dry conditions which have prevailed now for some time.

The bag limit for ducks is 30 per day and 200 for the season.

The open season for Hungarian partridge is from October 31 to November 15, while the Sharp-tailed grouse or Prairie chicken may be hunted for fifteen days only, from October 1st to the middle of the month. Of the latter, five only may be taken per day and a total of twenty-five for the season.

## THE DRESS QUESTION

Why not take a pattern from the ladies who have pretty thoroughly emancipated themselves from dresses of any kind? Our memory does not go back to the hoop-skirts of a former generation but it certainly does go back to the quite recent past when more a lady had on the better she was dressed. What a change today! What a change. The well-dressed lady of today is almost likely to be in the "altogether" — Vegreville Observer.

## DON'T READ THIS

If your subscription is paid. If it is, you can tell by examining the date on the label. This date shows when your subscription was or will be due. Subscriptions paid during September were very few indeed; but we understand the cause—the grain is not yet harvested and money is very tight. But October should be better, and we do not wish to harass anyone with a little bill like a \$2.00 subscription. We believe most people, as soon as they can spare the money will be glad to pay this small item. We appreciate the difficulties of this season's financing, and have endeavored to say as little about subscriptions as possible. But we expect our delinquent subscribers to "come through" just as soon as they can.

An unusual accident occurred about a mile south of town on Wednesday morning when a Penn truck and a Ford coupe collided. The coupe came off second best and was pretty badly damaged, but the strange part of it was that the driver, C. R. Hind, of Calgary, received a compound fracture of his forearm, which was resting partly out of the side window while he was driving, but the windshield nor none of the other glass in the car was damaged, including the window in which his arm was resting. —Leduc Representative.

One man, however, made the mistake recently of stealing a home-made pitman rod and was proven guilty of the offence before Magistrate Williams, who fined him \$100 and costs or the alternative of three months in jail. This should be a warning to those who are not above helping themselves to things of this kind.—Representative.

## RAIL EARNINGS REFLECT GREAT TRADE INCREASE

Ottawa, Ont., Sept. 7.—Reflecting the trend of Canada's increasing industrial activity, the net earnings of Canadian railways continue to show a steady increase over last year, despite heavier operating expenses. An analysis of government statistics, issued during the past week, indicates the movement of ores and coal by railways during the first eight months of the current year has increased by eight per cent over the corresponding period last year, reflecting the marked expansion of the mining industry in Canada.

Car loadings of merchandise and miscellaneous freight increased by 6.5 per cent as a probable result of the increased purchasing power of the people, and car loadings of newsprint, and other forest products, excepting that of lumber, increased by 12 per cent.

The expansion of the mining industry is further brought out in a report which places the value of mineral production in the first half of the year at \$125,702,334, a new high record, and equal to the output for the 12 months of immediate post-war years. The increase over the corresponding year of 1928 was 17.2 per cent. The main increases in production were in copper which increased 23.3 per cent, nickel 18.3 per cent and zinc 11 per cent. Production of petroleum increased by 55.9 per cent.

## HON. R. B. BENNETT ELECTED HEAD OF BAR ASSOCIATION

Quebec, Que., Sept. 7.—Hon. R. B. Bennett, leader of the Conservative opposition at Ottawa, was elected president of the Canadian Bar Association today, succeeding the Hon. Wallace Nesbitt, K.C., of Toronto.

## OIL PRODUCTION IN ALBERTA MORE THAN THREE OIL STATES

Alberta is now producing more oil than the states of Colorado, New Mexico and Montana combined, according to a compilation made by F. J. S. Sur, Calgary geologist, on Tuesday morning.

"It may be interesting to the oil fraternity of Canada to know that although Alberta is a baby in the ranks of the oil producing states or regions, it is producing now, from one field, Turner Valley, more oil in barrels than the combined output of Montana, New Mexico and Colorado," Mr. Sur said.

"When these figures are computed into dollars and cents, the figures show that the value of the production of the Turner Valley field is now two to three times the value of the combined production from these states," Mr. Sur concluded.

Here are the figures as compiled by Mr. Sur:

Turner Valley, weekly production, 24,250 barrels.  
Montana, weekly production, 11,500 barrels.  
Colorado, weekly production, 7,000 barrels.  
New Mexico, weekly production, 2,500.

It will be seen that the production from the three states is only 21,000 barrels of crude weekly, while Turner Valley is producing conservatively 24,500 barrels weekly, the major portion of which is naphtha. The value of the production from the three states is \$24,250 weekly, at an average of \$1.40 a barrel. The value of Turner Valley production is \$97,000 weekly at \$4.00 per barrel.

Incidentally, according to Mr. Sur, it is of interest to note that the value of the weekly production from Wyoming, computed at \$1.40 a barrel, is \$81,270, considerably less than the value weekly of Turner Valley production.

## START WORK ON ROAD TO SYLVAN LAKE

Gravelling of the highway from Red Deer to Sylvan Lake will be commenced immediately, according to an announcement made on Saturday by Hon. O. L. McPherson, minister of public works. With the increasing popularity of Sylvan Lake as a summer resort, this is one of the most heavily travelled roads in Alberta.

The Minister's announcement followed upon the awarding of the contract for this work to the Commercial Carriage Company of Calgary, the bid of this organization being accepted from the tenders submitted.

At the same time the minister announced that the same company had been awarded the contract for resurfacing the Edmonton - Calgary highway between Lacombe and Red Deer.

The gravelling of the Red Deer - Sylvan Lake road will commence at Highway Junction, four miles north of Red Deer, and will extend to the east boundary of Sylvan Lake, a distance of 10.04 miles.

The resurfacing job commences at the north boundary of Red Deer and continues to the south boundary of Lacombe, a distance of 14 miles. This contract calls for excavating, screening, crushing, mixing and loading of one-half gravel at the C.N.R. pit at Blackfalds for first and second course surfacing, 9,126 cubic yards to railway cars and 5,604 to trucks, with 62,280 cubic yard miles haul and other work.

With the completion of this work the highway program of the government will be practically finished, although on the Peace River highway construction gangs will be maintained until freeze-up.

The program carried out this year has included the gravelling of 300 miles of highway and the preparation of much standard grade which will be ready for gravelling next year or whenever appropriations are available.

## SCHOOL FAIR IS MARKED SUCCESS AT LACOMBE

Lacombe, Sept. 11.—The fair held on Monday by the Lacombe School Fair Association was decidedly successful, over 1,400 entries being registered. The attendance was larger than for several years. While the showing in vegetables was not quite so good as usual, the classroom work was especially worthy of notice. This work had been completed and turned in before the terms closed in June.

## CALGARY WOMAN, TIRED FIGHTING HEAVY BOG, DIES

Calgary, Sept. 9.—Overcome with exhaustion after struggling for several hours against the bog in which she had become mired, Mrs. Taylor, who resides with her sons, Joseph and Fred, farmers, living about 10 miles north of Cochrane, died some time during Friday evening. The body was found by her sons Saturday.

Mrs. Taylor had left the farmhouse about two o'clock Friday afternoon to visit a neighbor two miles distant, taking a short cut. She was caught unaware by a bog half concealed by bushes.

Advertising—The "Mother" of Prosperity and Progress  
"Mother's work is never done," goes the old saying. And so it is with advertising. Under today's competitive conditions, it must be used continually in behalf of a business, if that business is to prosper and grow.—J. K. Arnold's "Note Book."

For the year ending March 31, 1929, the land agency at Peace River recorded 3,024 entries of settlers, while that at Grande Prairie recorded 2,396, an increase for the two places over last year of 3,560 entries. The Peace River district is certainly coming into its own.

### COMMUNICATION

(We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading.—Ed.)

The Editor, Wetaskiwin Times.

Dear Sir:

REPLY TO MR. HULL'S LETTER

The General Secretary of the Alberta Prohibition Association should really be more careful of his facts, better informed when he disputes the authenticity of figures and more analytical toward an article he quotes from, in the belief that it supports his side of the question, when in reality the editorial referred to is in the nature of an apology for the unsatisfactory working out of Prohibition in the United States.

The paragraph which Mr. Hull quotes from is an editorial in the

"Saturday Evening Post." When shorn of its decorative language, it is simply a statement that prohibition became law in America mainly because of the driving commercial forces in furtherance of their pursuit of the Almighty Dollar. American prosperity, it is assumed, is largely due to Prohibition. But there are legitimate grounds for doubting that assumption, for here, in Alberta, the percentage is greater than that of the United States, and is constantly increasing, and we discarded Prohibition in 1923.

Mr. Hull says that I have no figures to prove my statement about increased drunkenness in the United States. Well, I have, and I will tell him where he can find them. In the New York World, November 20th. He will find a list of 36 leading American cities with the number of arrests for drunkenness each year, and for each city, for the years 1923 to 1927. In those years ten cities show a decrease

in drunkenness and 26 an increase. The decreases are comparatively small, but the increases are large, up to 100%, in some cases. The population of the combined cities is approximately 25,250,000, and the number of arrests for drunkenness rose from 349,004 in 1923—a great increase over 1920—to 411,323 in 1927. This last figure is at the rate of more than 1,400 per 100,000 of population, and does not compare well with the corresponding figure of 327 per 100,000 arrests for drunkenness in the whole of Canada. This last figure is taken from the Canada Year Book, 1928-29, recently published by the Dominion Bureau of Statistics, Ottawa.

Henry Ford, Mr. Hull tells us, says that Prohibition is effective with 99% of the population. This is a very doubtful statement, seeing that the figures quoted above indicate that almost one per cent of the people are arrested for drunkenness. No one can be expected to believe that all those who break the Volstead Act are arrested. Mr. Ford is apparently a good deal more extreme than sincere in his statements regarding the Liquor Question, for while he says he will quit manufacturing it, the State of Michigan goes wet, he has removed and established his tractor factory to Ireland, where liquor is legally sold and a good deal of drinking is done.

In connection with some figures quoted by the W.C.T.U., Mr. Hull says that "Statistical facts that can be proved by the Liquor Board Annual Report is not defaming the country." With this statement, quite agreeable, but let us look at the figures referred to.

In the first place it is manifestly misleading to compare the liquor sales of 1924 with those of any other year, for the present Liquor Control Act did not come into force until May of that year. So far as the Liquor Control Board report is concerned the gross sale for 1924 were \$2,632,605. Not \$7,173,446 as Mr. Hull would have us believe. Mr. Hull quotes as liquor sales for 1928, \$12,109,349. But the only authority for this figure appears to be the W.C.T.U., for the official figures for 1928 are not to be made public until the coming session of the Alberta Legislature. The gross sales of the Liquor Board for 1927, the last official figures published, is \$4,558,349, which looks small beside Mr. Hull's fantastic twelve millions, odd. I know perfectly well that most of the beer sales do not appear in the Liquor Board's Report. They should be taken into account. For Mr. Hull's information I will here mention the interesting fact that there was less beer sold in Alberta in 1927 than in 1926.

Mr. Hull also doubts the figures I quoted with regard to the deplorable conditions in Finland. I refer him to the London Daily Telegraph, October 29th, 1928, in which he will find, as I stated, the facts of an enormous number of convictions on account of liquor, the majority of which, as government investigators affirm, is due to Prohibition.

I dispute that it was lack of space that prevented Mr. Hull from giving "the real situation regarding moon-shining and bootlegging." If he gave the real situation he would have to consult the Alberta Provincial Police records, as I have, and he would find that each year since the inception of the present Liquor Act arrests and convictions have grown less for these offenses.

Our jails are perhaps overcrowded as Mr. Hull says, but at least we have been free from riots such as have taken place in several penitentiaries in the "Dry" United States. These were ascribed to overcrowding such as I hope we shall never experience in this country. Our provincial institutions are taxed because of the numbers of unwanted laborers who have been shipped in. There is not sufficient work for them to do. If a man gets good and hungry he will steal, and when he is in jail he knows he will be fed regularly anyway.

Mr. Hull also casts doubt on my information with regard to the improved moral and social conditions in this province. Again I take a great deal of pleasure in giving him my unimpeachable references.

The Canada Year Book, already referred to, states that Alberta is the only province in which drunkenness decreased in 1928. The decrease amounted to 16.35%. And also to be found in the official record is the fact that there was a gratifying decrease in the number of convictions of children under 16 years of age. This decrease amounted to 155 convictions. Manitoba shows a decrease of 55 and Nova Scotia 35. All other provinces show increases in this most serious

### DIGESTIVE ORGANS Completely Poisoned By Bad Teeth

Mrs. W. H. Lambert, Lambertville, N.B., writes:—"I must say that B.B.B. saved my life. My trouble was indigestion caused by bad teeth. My digestive organs were completely poisoned, as well as my whole system. I had the teeth extracted and my trouble was still left. Having read what

### THE BASKET LUNCH

(By Barbara B. Brooks)

This is vacation time—a period of rest and recreation. What more delightful vacation pastime do you know of than a picnic in a lovely sheltered spot, perhaps on the bank of a willow-fringed stream. To some people picnic means a camp fire and a meal cooked in the open, but others prefer simply to open baskets and have the meal ready prepared.

For this purpose there are many types of picnic hampers equipped with vacuum bottles for hot and cold drinks, containers for sandwiches and salads and enamel cups and plates. If we are fortunate enough to own such a hamper, packing the picnic basket is easy. However, many a delicious picnic repast has been packed with success in a common market basket.

Cold baked ham which has been glazed with honey, fried chicken or assorted cold cuts may be the sub-

### Here and There

Statistics gathered by the New Brunswick Government bureau of information show that tourist travel shows an increase of 25 per cent in the number of motor tourists from the United States entering Canada at border points of the province during their vacation in Canada.

His Excellency the Governor-General of Canada will extend his patronage to the Canadian Pacific series of concerts of British and Canadian music to be given across Canada, beginning in September and continuing until Spring of 1930 according to information given out by J. Murray Gibson, general publicity agent of the railway.

Fishing bowed to chivalry one day recently at St. Ignace Island, in Canadian Pacific's fishing resort in the Georgian Bay, when Judge B. Williams of Jackson, Mich., got a fish simultaneously with his wife, both fishing from the same boat. The guide couldn't handle the canoe so that both anglers would have a chance to land a fish, so the judge put pressure on his catch which broke away from Williams after a half-hour fight landed a fine fish.

Lord Luke of Pavenham, chairman of Bovril Ltd., arrived in Canada recently on the Empress of Australia en route to Australia. His Lordship is operating a settlement scheme in the Argentine whereby farmers rent lands from a company, paying 15 per cent of the company's marketing of their crops. He is contemplating a similar company in Australia in connection with sheep raising. He will also examine possibilities in the Pacific for a similar settlement organization.

Heavy entries are reported for all classes of athletics piping and dancing events to be decided at the Highland Gathering and Scottish Music Festival to be held at Banff August 30-September 2, as also for the Dominion track and field championships to be held there Labor Day. A practically new track has been built at Banff to accommodate the sports scheduled.

Dissolution of the present Japanese Government and the advent of a new one within a year is predicted by Viscount E. Mutsaers, Japanese Minister to Scandinavia, who arrived at Vancouver recently aboard Canadian Pacific steamer Empress of France on his way to resume diplomatic duties at Stockholm. The present Japanese Premier is in minority control of the Diet.

William Baird, steamship passenger traffic manager of the Canadian Pacific Railway who inspected the Bremen in New York recently, said that in view of the shorter distance between Cherbourg and Quebec as compared with Cherbourg and New York, the liner Empress of Britain to be placed in Atlantic service next spring, might make a strong bid for the blue flag of the Atlantic. This steamer will be an oil burner 731 feet long, 97-foot beam and will carry more than 1100 passengers in first, second and third class.

Paul Scott, all-American half-back and star of the University of Pennsylvania, has added to his laurels by earning a company with Jay Gates and Ed Hopkinson the coveted gold button of the famous order of Trail Riders of the Canadian Rockies. With a cork and guide, the trio made an expedition from Banff to the Columbia Ice Field, said to be the largest body of ice south of the Arctic Circle.

stantial dish around which the rest of the meal is built—a hearty salad, deviled eggs, or baked beans may be the place de resistance. With a variety of sandwiches, and fresh vegetables such as radishes, onions and tomatoes; and the addition of a simple dessert of fruit and cookies, our picnic menu is complete.

Some sandwiches which are suitable for the basket lunch are: Dried beef and cheese sandwich— $\frac{1}{4}$  c. dried beef,  $\frac{1}{4}$  c. grated cheese,  $\frac{1}{4}$  c. chopped celery, tomato soup. Mix dried beef, cheese and celery thoroughly and add enough tomato soup to moisten. Spread between slices of rye or bran bread.

Fried ham and onion sandwich— $\frac{1}{2}$  lb. smoked ham, seasoned and fried 'tilt brown, 2 large dill pickles, 1 small Spanish onion,  $\frac{1}{4}$  c. mayonnaise. Put ham, pickles and onion through a food chopper and mix with mayonnaise. Spread between slices of bread.

Egg and olive sandwich—2 hard cooked eggs,  $\frac{1}{4}$  c. chopped ripe olives, mayonnaise, the eggs and olives with olives and mayonnaise. Spread between slices of white or bran bread. Cream cheese and raspberry jam sandwich—Make a three deck sandwich, using cream cheese between slices one and two and jam between slices two and three.

All sandwiches should be wrapped in wax paper to insure their keeping fresh.

### Can't Talk To Wife, Too Cross and Nervous

"Even my husband couldn't talk to me, I was so cross and nervous. Vinol has made me a different and happy woman."—Mrs. N. McCall.

Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., gives new life and pep. Vinol tastes delicious. Cooke Drug Company.

### AUTO ACCIDENT NEAR NEW NORWAY MONDAY

A New Norway correspondent says: "Another tale of woe began on Monday night. A party of new Norwegians, Messrs. Carl Ramsey, Harry Willis and Agnes Ramsey, returning home from a visit to Wetaskiwin, met with a serious accident when their car skidded and overturned into a ditch twelve feet deep. Needless to say the car was hopelessly smashed. One of the party walked about five miles to secure aid and was fortunate enough to get Mr. Kienast living some ten miles from New Norway. He brought the party into town and handed them over to the doctor. It was found that Mr. Ramsey had sustained a sprained and bruised arm with injuries to shoulder and collar bone.—Camrose Canadian.

### 3 Glasses Water Help Constipation

One glass of water is not enough—take three glasses one hour before breakfast. Much better results are obtained by adding a teaspoon of simple glycerin, saline compound (known as Adierka) to each glass. Adierka acts on BOTH upper and lower bowel and removes old waste matter you never thought was in your system. Slips gas and sour stomach in TEN minutes! Relieves constipation in two hours. Northern Drug Co.

### ALBERTA WHEAT POOL LETTER

The Alberta Wheat Pool is making a determined effort to point out to Pool members the importance of delivering Pool grain to Pool elevators wherever it is possible in view of the light crop in Alberta this year. The Pool elevators system was built up for the purpose of giving service and protection to the membership. Three years ago there were 4 Pool elevators in Alberta. Today there are 437, representing an investment of over six million dollars of Pool farmers' money.

The introduction of combines and auto trucks has speeded up harvesting

### A Sour Stomach

In the same time it takes a dose of soda to bring a little temporary relief of gas and acidity, Phillips' Milk of Magnesia has actually completely checked and the digestive organs all tranquilized. Once you have tried this form of relief you will never again be troubled by gas and acidity. Physicians will tell you that every spoonful of Phillips' Milk of Magnesia neutralizes many times its volume in acid. Get the genuine, the name Phillips is important. Imitations do not act the same!

## Another Firm Out of Business---

Just one of the news items which are appearing in papers quite too often these days throughout the Dominion. And what is the reason. There is only one, and that is lack of loyalty to home institutions and the lure of the flashing publicity of the large city establishments. Many citizens, while earning their wages and salaries in one place, never the less send a large proportion of this money out of the community for questionable bargains, thus depriving such community of that much necessary working capital.

## Business Men Do the Same

They have local firms who are able and ready to supply them with all their requirements, yet for the most trivial reason or excuse they will consent to extend this patronage to outside firms, thus helping to build up distant cities at the expense of their home town. They seem to forget that this money so sent out might otherwise have been largely returned to them by those with whom they should have left this business. Therefore, when in need of printed matter of any kind, whether farmer, business man or professional man, always extend first consideration to

## WOMEN'S INSTITUTE CONFERENCE

The ninth annual conference of the Alberta Women's Institute in District No. 2 took place on Friday, Aug. 30, in the community hall at Conjugate Lake, when the members of the Wizard Lake branch were hostesses to the Conjugate Creek, Leduc, Ranier and Wiesenford branches. There was a record attendance, over 100 members and friends being present. Mrs. R. H. Merryweather, constituency convener, presided, supported by Mrs. Montgomery (Wetaskiwin), provincial president, and Mrs. Short (Edmonton), district director.

Mrs. Montgomery, president A.W.I., gave an account of the recent girls' club convention in Edmonton. She urged the members to stand behind all athletic sports both financially and morally.

SHORT and SNAPPY  
The secret of the success of our Want Ads. is that they are short and snappy. People like a plain business story told in a few words and if they want anything they refer to the place where they will find it with the least trouble. viz., the Classified Want Ads. In your business represented there.

## MISCELLANEOUS SHOWER AND SURPRISE PARTY

On Tuesday evening, Sept. 3rd, at 8:30, the Wetaskiwin hospital drawing-room was the scene of a surprise party and miscellaneous shower held in honor of Mrs. Vera Recknagle, formerly Miss Ruth Laurie.

The room was beautifully decorated with streamers of purple and gold, which were the colors of the Royal Alexandra hospital, of which Mrs. Recknagle is a graduate nurse.

The table decorations were two large kewpies dressed as miniature bride and groom, with a background of pastel shaded gladioli. Vases of various autumn flowers festooned the room.

The first part of the evening was spent by each guest working her name on a piece of linen, which later is to be quilted for a cushion cover for the bride as a souvenir of the occasion.

Then followed little Miss Ruth Rodell and Master Jackie Arrowsmith dressed as bride and groom. They entered the room drawing a carriage loaded with gifts. The bride was the recipient of a handsome array of linen, china and silver.

Later a dainty lunch was served, the hostesses being assisted by the Misses Alma Prichard and Florence Recknagle. The hostesses on the occasion were the nurses of the hospital, Miss McDiarmid, Miss Maynard and Mrs. Arrowsmith.

## SCHOOL NOTES

The public school population is close to 400 and all classrooms are well filled. A few more pupils are expected to register. Because of the unusual large enrolment in each of the grades some shifting has been done. The personnel of the staff is as follows: Alexandra—Mrs. Walker, Grade I; Miss Wilson, Grade II; Miss Kennedy, Grade III; Miss Allan, Grade IV; Miss Robinson, Grades V and VI; Mr. Kulak, Grade VII.  
King Edward — Miss Christie, Grades I and II; Miss Walker, Grades III and V; Mrs. Munn, Grade VI; Miss Henderson, Grade VII.  
Substitute Teachers—Mrs. T. Johnson, Mrs. Lake.

When gas, pain and distress follow a good meal, it is an almost sure sign of "too much acid" in your stomach. Get rid of it now for it is dangerous. Ulcers are apt to follow. No matter how much acid is in your stomach, you can enjoy and relish your next meal without fear of after effects, if you have some Eburated Magnesia handy to prevent the trouble before it starts. Try it. Eat whatever you like, in reason, and then take a little Eburated Magnesia to neutralize the acid, sweeten your stomach and protect the stomach lining. Doctors recommend Eburated Magnesia—thousands use it because it positively prevents stomach trouble or stops the worst attacks in less than five minutes. Get a trial package, either powder or tablets, from your druggist, use as directed, and indigestion and stomach troubles will go like magic.

BORN  
OLSTAD—In Wetaskiwin, on the 6th inst., to Mr. and Mrs. J. Olstad, a daughter.

RISKE—On the 3rd inst., to Mr. and Mrs. F. Riské (nee Martha Schulm) of Lacombe, a daughter.

The first game in the world champion baseball series will be played on October 8, in the city winning the National League pennant.

## BITTERN LAKE

Harry Roper, a well-known farmer of the Bittern Lake north, had an unfortunate accident on Friday last in which his right arm and head were injured. Mr. Roper was engaged in oiling the belt of his threshing machine preparatory to starting threshing operations on Saturday when the belt slipped and struck his arm. One of the men struck him on the head and he was rendered unconscious. His young son, Neville, went for assistance. Mr. Roper has been an invalid for a few days but is now able to direct threshing operations.—Camrose Canadian.

## NEW NORWAY COUPLE GIVEN SURPRISE 25TH WEDDING DAY

On Thursday night, August 29, more than one hundred guests gathered at the home of Mr. and Mrs. W. J. Willson, New Norway district, south of Camrose, the occasion being the twenty-fifth anniversary of their wedding. The happy couple were taken completely by surprise, when returning from supper with one of their neighbors, they found their home aglow with lights and some forty cars parked in their yard.

They entered the house amid showers of confetti and were escorted to the place of honor at the head of the dining table which was tastefully decorated with cut flowers and colored candles. In the centre of the board was an imposing three-tier wedding cake which the "bride" had the honor of cutting.

Following the supper, Rev. M. M. McLean, on behalf of the company, extended felicitations on the happy occasion and wished them many more years of joy and prosperity. He then presented Mr. and Mrs. Willson with a beautiful case of Community silver in Adam design. Among other numerous gifts was a solid silver tea service from the family.

Mr. and Mrs. Willson were further congratulated in a speech by Mr. C. G. Cornelle, delivered in his inimitable manner, and additional interest was given to Mr. Cornelle's remarks by the fact that he had the pleasure of officiating at the marriage of the happy couple twenty-five years ago, while he was stationed at Wetaskiwin. The wedding took place at the bride's home in the Bittern Lake district.—Camrose Canadian.

## THRESHING WELL ADVANCED SAYS C.P.R. CROP REPORT

Winnipeg, Man., Sept. 9.—Threshing operations in Western Canada while somewhat delayed last week by showers, are well advanced in comparison with that of other years, says the Canadian Pacific agricultural agent in his weekly report issued this morning. Wheat is approximately 65 per cent threshed, oats 40 per cent, and barley 55 per cent, with high percentages completed in central and southern parts. Outturns continue to reveal better yields than expected in many districts and generally higher grades, two and three predominating, with considerable number one in many areas. With the completion of threshing, fall plowing is under way, ten to forty per cent being completed on the Emerson, Arborg, and La Riviere subdivisions in Manitoba. Stubble and short grain missed by machines is proving good pasture for livestock.

Utah has forbidden the advertising of cigarettes on bill boards or in street cars, and they would have forbidden newspaper advertising, only the State Supreme Court held that it was unconstitutional to do so. This is only the beginning of an effort to curb the spread of the use of cigarettes amongst young folks.

## A Blue-White Diamond

positively the Best Gift of all

Size alone does not determine the value of a diamond. Color and brilliancy are the most important factors in this matter.

Our selection of diamonds mounted in the latest styles of settings, are all chosen with one object in view
